MEMORANDUM FOR: Executive Director

FROM: William F. Donnelly
Deputy Director for Administration

SUBJECT: Physical Security Briefing on Outlying Buildings

1. The Office of Security has reviewed the DCI MAG Issue Statement on Physical Security and finds the suggested recommendations to have merit. The Office of Security is appreciative of the interest displayed by the DCI MAG and intends to include the suggested presentation in a new Security Awareness initiative currently being developed. This new initiative is a Briefing Program on a variety of current security issues. A memorandum is being circulated throughout Agency management offering competent speakers from the Office of Security to visit components and address Agency employees on security issues of current concern. Two of the proposed topics under this initiative are: (1) "Security of the Headquarters Compound and the Outlying Buildings" and (2) "What the Office of Security is Doing in Response to the Heightened Terrorist Threat."

2. The suggestion of the DCI MAG that employees be given information on "what they can do to recognize physical security compromises" and what they could do in response is a natural and productive addition to the above topics. The Office of Security will therefore implement the DCI MAG suggestion through this new awareness initiative. Should a member or members of the MAG wish to directly share their insights on this issue they can do so through the Chief of the Security
